

# Lifespan Says 'No' to Good Jobs & Quality Care

More than 2,200 Lifespan employees are trying to reach an agreement with Rhode Island Hospital to protect Good Jobs & Quality Care at Rhode Island Hospital. But Lifespan says No.

## ► Lifespan Says No to Safe Staffing

We've proposed the Hospital should "maintain sufficient staff and adequate supplies" to provide for quality care. **Lifespan says No.**

## ► Lifespan Says No to Patient Care

We've proposed that "providing quality care to patients and their families is the top objective of the Hospital and that poor working conditions, inadequate staffing levels, inadequate supplies, and improper equipment undermine quality care." **Lifespan says No.**

## ► Lifespan Says No to Health & Safety

We've proposed "The Hospital shall observe all applicable health and safety laws and regulations and will take all steps necessary to ensure employee health & safety." **Lifespan says No.**

## ► Lifespan Says No to Dignity & Respect

We've proposed the Hospital should not "intimidate, harass, coerce or overly supervise" employees and that workers should be treated with "dignity and respect." **Lifespan says No.**

**Stand with working families and say YES to Good Jobs & Quality Care.
